Company Overview

Shell Soft Estd. In 1997 is a global provider of end to end Information Technology Solutions that focuses on enhancing client real-time competencies for Commercial and Public Sector entities. We expertly design and implement various ranges of Software Life Cycles and implement sophisticated hiring strategies. Shell Soft's OneAccess SAP Security Solution focuses on combining rapid return on investment with the most cost-effective ERP (SAP) Security Practices. By leveraging next generation web and wireless technologies, Shell Soft OneAccess SAP Security Solution enables users to manage all features and functions through handheld and browser-based interfaces, significantly improving flexibility and productivity over a conventional SAP Security System.
